# Acknowledgement

I express my sincere thanks to all my teachers for their support and direction, and my genuine gratitude to IADA who gave me an opportunity to show my abilities to work on this project

I would also like to thank my parents who help me, encourages me and support me in every situation and to boost my confidence.

For me, fashion is a form of self expression and autonomy in a specific context, clothing, footwear, accessories and body posture.

And, Fashion designing for me, is something that is in the form of art dedicated to the creation of clothing and other lifestyle accessories.

I like to play with colors and putting together to form an aesthetic creation of designs .

Pastel colors are what , that inspires me a lot

I like to sketch and that what my strength is about, rendering gives me pleasure.

Fashion designing is my passion

My name is *Anam muntaz* .  
I am pursuing fashion designing from IADA (International Academy of Design and Arts) NOIDA, where dreams comes true.
